Re: Recommendation for Robert Murch

I produce the number one talk radio evening program in Brisbane, Australia, hosted by Ian Maurice at Radio 4BC, a Fairfax station.

On Tuesday nights we host the "Paranormal Panel". As the name would suggest, in that segment we discuss all things paranormal in nature. The panel consists of Ian, a skeptic, a psychic and a UFO researcher.

I pick out subject matter in advance and was always keen to do something on Ouija Boards. As a producer, we're very familiar with Google so my job was made very easy when I typed in Ouija Boards and Robert Murch appeared at my finger tips.

Robert made every step of the way so simple. He was quick to communicate, very accommodating with dates and times to appear on air, very knowledgeable on all things Ouija and above all that, great talent – always a must for radio!

I can fully recommend Robert for other such appearances as he has been a pleasure to deal with.

Kind regards,
