Robert Murch
[Redacted]

Dear Robert,

I want to thank you for all of your help with the production of the Ouija Board section within the documentary **Millionaire Made Here** for the Smithsonian Channel.

The interview you provided was fantastic and the help you gave us in securing access to other interviewees, and locations was invaluable. We could not have done it without you! I also appreciate all of the help you have provided through post production.

Yours sincerely,

Jonathan Davenport
Director
